Camping

Angler Education Basic

Angler Education Advanced (spincast, spinning, fly casting)

NASP archery introduction (NOT NASP Certification)

Paddling Sports

Wildlife / Quail Conservation

Sling Shots

## Policies

### **Note: When scheduling your professional development session pay close attention to these details:**

- 1) OTF will generate a quote based on your selections and email it back to the school's point of contact for PD. Once the quote has been approved by the school, an invoice will be sent.
- 2) Schedule Professional Development eight weeks prior to event.
- 3) Only 1 Outdoor Adventures Specialist will be in attendance. Concurring sessions must not conflict with another topic. For Example: Cannot offer 2 sessions at the same time. (NOTE: What if they want 2 OA Specialist because they have more than 40 teachers or concurring sessions? Submit 2 different PD events or do we build in a second OA Specialist in the checkout process?)
- 4) All equipment must be provided by the school. Order your equipment in advance. In addition, some standard physical education equipment will be requested (poly spots, cones, scooter boards, etc.)
- 5) If you want to repeat a session, your total selected sessions must equal 3 sessions for half day or 6 sessions for full day. For example: Select 2 topics to be repeated 3 times for a full day.
- 6) All sessions require a gym/indoor space and an outdoor space (weather permitting) except the Dutch-oven cooking session is 100% outdoor.
- 7) Topics must be selected when scheduling.
- 8) No refunds, no substitutions for sessions, venues and no cancellations once professional development has been scheduled.
- 9) The Outdoor Adventures Specialist assigned within 48 hours of the receipt of your registration form will be the designated point of contact.
- 10) Live PD sessions are capped at 40 participants. If more than 40 participants attend a second invoice will be sent to the school following the session at \$10.00 per participant.
